

3M8801 High-Speed Fiber Optic Connector

3M8801 High-Speed Fiber Optic Connector

High-speed data transfer is critical for enabling next-generation computing. 3M is enabling its technology to help limit link flaps, by designing both higher reliability solutions in both copper and optics. See ...

Easy-to-order 3M EBO connector kits contain components that specifically support 3M™ Expanded Beam Optical Ferrule technology. Kits are available for single mode and multimode connectivity, in ...

By using proven malleable metal element fiber-gripping technology, these connectors are designed to be easily installed virtually anywhere without the need for electrical power.

The MPO/MTP connector is a multi-fiber connector designed to handle parallel fiber transmission, typically 8, 12, 16, or 24 fibers per connector. These are essential in high-speed ...

pplications The 3M Hot Melt Connectors are specifically designed for installation in singlemode and multimode fiber data transport systems, including the latest OM3 and OM4 laser optimized fibers for ...

The SC Connector is designed for the most advanced fiber optic systems requiring exceptional stability, low reflections (single-mode) and high density. The SC connector is available in single-mode and ...

With more than 70 years of adhesive expertise, 40 years of ceramic technology leadership, 30 years of fiber optic experience, and 100 years of cumulative telecom experience, 3M provides an ideal ...

Average Time to Ship 1-3 Days. Please see product page, cart, and checkout for actual ship speed.

FSG is a global leading supplier for MPO, specializing in high-quality manufacturing of MT ferrule, MPO connector, MPO cables, and 48 to 144F data center cables.
