

Cold aisle fixed manufacturer of distribution boxes

Overview

Altimir designs, fabricates, and installs energy-efficient, custom-engineered Hot Aisle and Cold Aisle Containment Systems. Recognized for the quality of its products, the company's products are competitively priced and known for their ability to boost energy efficiency. As an industry pioneer, ThermoSafe is your thermal packaging partner always leading with innovation in materials, engineering and digital tools. Our high-quality, high-performance server aisle containment systems are helping redefine data center airflow management. It is most important to first identify hot spots in server rows. This solution ensures that data centers can provide maximum cooling effectiveness, minimize energy consumption and operational costs, and maximize.

Cold aisle fixed manufacturer of distribution boxes

By maintaining consistent, predictable temperatures, cold aisle containment minimizes thermal stress and reduces the risk of overheating, improving reliability and extending equipment lifespans.

Cost-effective, customized hot and cold aisle containment solutions can not only keep your data center running efficiently, they can help your build-out be more efficient, too.

Eaton offers a wide range of partial and total containment solutions that can accommodate hot aisle containment, cold aisle containment and rack-based heat containment. Eaton aisle containment ...
