

Counterfeit alarms from store clerks

Counterfeit alarms from store clerks

Two store clerks were quick to spot flaws in a \$100 bill that was given to them by a customer on Tuesday. "There were big letters that said, "FOR MOTION PICTURE USE ONLY,"" said ...

Why does a store's anti-theft alarm activate when I am not stealing, with the employees nonchalantly waving me off? This happened to me yesterday (and countless times prior) where I was leaving a ...

A Florida yogurt shop boss has ripped into his Gen Z cashiers for failing to distinguish between real and counterfeit bills.

Possessing counterfeit money is illegal, similar to the possession of illegal drugs like heroin. Once the case is resolved, the counterfeit money will be destroyed. These regulations are established by ...

Two store clerks in Camp Point stopped a customer from paying for groceries with fake money. For more Local News from WGEM: <https://>

Having a counterfeit detector at your register solves the majority of your problems. Devices like Dri Mark's Flash Test are easy to train and are 99.9% effective. Another benefit of ...

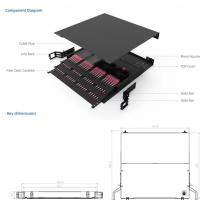

The counterfeit-detection pens sold at office supply stores test whether paper is wood-based (the ink turns dark on regular paper but stays light on cotton-linen currency paper). They catch ...

After questioning the clerk and the manager who approved it (who got written up for it) - we included it in our daily deposit and never heard back from the bank.

Every alarm site (residential and business) in San Francisco is required to have an alarm license.

Can a merchant confiscate supposedly counterfeit money? With the recent question here about store owners being able to hold your fake ID, I have my own question, but with currency. There's a big ...
