

Croatia 5G Network Standard Cabinet

Croatia 5G Network Standard Cabinet

IN 2017, the Croatian Regulatory Authority for Network Industries ("HAKOM") formed a working group entrusted to identify the main challenges for the introduction of 5G in Croatia.

Recently Rijeka Gateway has announced a 5G standalone (SA) connectivity partnership with Hrvatski Telekom (HT), marking the implementation of an advanced private 5G campus network.

Croatia mobile network operators 5G NR, 4G LTE, 3G WCDMA, 2G GSM frequency spectrum FDD TDD bands

Through the Directorate for civil aviation, electronic communications and postal services, it is in charge of preparing proposals for strategies, studies, guidelines, programmes and implementation plans.

“With the conclusion of the auction Hrvatski Telekom ensured the biggest 5G spectrum share, a key precondition for the fastest and biggest 5G network in Croatia.

HAKOM, the Croatian Regulatory Authority for Network Industries, will organize a new auction on the allocation of spectrum frequencies for the development of 5G infrastructure at the end of this year, ...

The fifth generation of of mobile communications networks, 5G, is the heir to previous generations (1G, 2G, 3G, and 4G). European Directives of 2018/1972 which accentuate the ...
