

Ethiopia CFP8SFP

Ethiopia CFP8SFP

Summary Consistent with its commitment towards the achievement of SDG 2 and 17, WFP's response in Ethiopia aimed to provide lifesaving food and nutrition assistance to crisis-affected populations.

While a shift in geographical focus from southern to northern Ethiopia and the scale-up of the emergency response demonstrated WFP's flexibility in responding to changing needs, ...

Search specific operation documents by country, operation type or operation ID number (if you have it).

Guided by analytical insights from the country strategic plan for 2020-2025, relevant evaluations, and the United Nations sustainable development cooperation framework for Ethiopia for 2025-2030, this ...

Several political, social and economic challenges and risks arise as Ethiopia makes the transition to a more open, inclusive, equitable and democratic society. Some of these risks will challenge food and ...

Ethiopia has made important development gains over the past two decades, reducing poverty and expanding investments in basic social services. However, food insecurity and ...

Ethiopia maintains open borders for people fleeing conflict in neighbouring countries. With the support of the international community, Ethiopia hosts 735,000 refugees

We recognise WFP's critical role in Ethiopia, a country facing protracted humanitarian needs, internal displacement, climate change and climate shocks, and a challenging food security and nutrition outlook.

While Ethiopia's goal of achieving middle-income status by 2025 continues to shape policies, institutional arrangements and investment strategies, some macrolevel economic, environmental and political ...

The timing of this CSP evaluation (CSPE) enabled the Ethiopia country office (CO) to use the evidence on past and current performance for the design of the new Ethiopia CSP, as well as enabling the ...
