

Fiber Optic Splitter Box and Fusion Splice Box

Fiber Optic Splitter Box and Fusion Splice Box

With the function of the mechanical splice, fusion splice, light splitting, and wiring distributions. It can accommodate 2pcs 1×8 PLC cassette splitter. The fiber access terminal box is with Anti-UV, Ultra ...

This 4 strand optical fiber distribution box is used for the fusion splicing, splitting, wiring transmission and other functions of the optical transmission terminal. It can effectively terminate, protect and manage ...

Our fiber optic splice trays and boxes provide a secure and organized solution for managing fiber splices in various network environments. These enclosures protect delicate spliced fibers, ensuring long ...

Feature: 12 ports optical fiber distribution box is used for the fusion splicing, splitting, wiring transmission and other functions of the optical transmission terminal; It can effectively terminate, protect and ...

Designed without adapter slots, this enclosure provides a high-reliability, low-loss solution for environments where permanent fusion splicing is preferred over plug-and-play connections. It ...

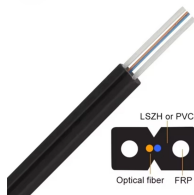

Our 16 port fiber distribution box (FDB) or fiber distribution hub (FDH) features 2 fiber cable inlet ports and 16 drop cable outlet ports, turnable inner tray for easy fiber splices, excess cable routing and ...

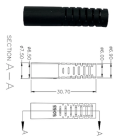

Water-proof, anti-rust design for outdoor uses. Easy installations: Ready for wall mount - installation kits provided. Lower Insert loss and easy splicing. Suitable for SC,FC, ST,LC,duplex and simplex both ...

The FDB-48 Series 48-port Fiber Distribution Box is suitable for FTTH projects and can be used in corridors, basements, rooms, and on building exteriors. It has functions like mechanical splicing, ...

FS offers passive optical components & termination equipment to meet flexible optical network needs by fiber signal attenuation, separation, termination, etc.

Explore reliable optical fiber splice closures for network deployment. Our closures prioritize reliability, installability, and flexibility.
