

Installation Instructions for Waterproof Integrated Power Cabinet for Local Area Networks

Overview

This guide assumes that you have already purchased Omada IPCs and NVRs and that the installation environment is susceptible to rain and lightning. It can help you prevent damage to the devices caused by lightning and rain during daily use. The TRENDnet Outdoor IP68 Weatherproof Enclosure with Power Supply, model TI-CA4K, is well suited for use with TRENDnet's line of industrial switches, fiber converters, and PoE injectors. Automatically monitors and restarts unresponsive devices, eliminating the need for onsite, manual rebooting - effectively saving you time and labor costs. Available for Pro and Box models. Our NEMA-4X rated enclosure. Please review all sections of this document before the usage of the PPC OWC-1952B-ACTP-17 Outdoor Wireless Cabinet. Fan Ready: Supports up to 4 fans for cooling. 5mm (1/16") galvanized steel with RAL 7035 epoxy polyester powder paint for durability and resistance to UV and outdoor. NEMA 4X protection for servers and rack-mountable devices. Built to NEMA 4X from stainless steel, Armagard's Waterproof Rack Mount Cabinet can safely house conventional rack-mountable equipment up to

a maximum capacity of 18U.
