

Intelligent cabinet PDU surge protection module

Intelligent cabinet PDU surge protection module

A PDU with surge protection combines multistage surge suppression, power delivery, and intelligent monitoring. It supports multiple outlet types such as IEC C13/C19 or NEMA and can be ...

It is built with the IMD-01X module, and provides low cost power distribution with the option to upgrade to add local metering and/or remote monitoring and other features in the future.

We provide a range of basic and smart PDUs with power switches, lightning protection, LCDs, overload protection, and remote monitoring and control. You can select from these products, or customize ...

It can also be equipped with intelligent power terminals and intelligent monitoring modules to monitor and control power supply, environment and other parameters in the box. The size and dimensions of ...

You gain real value from upgraded surge and overcurrent protection in smart PDUs. These features prevent voltage spike damage, extend equipment life, and boost reliability by 25%.

The intelligent PDU surge protector supports user-definable alert thresholds for parameters like current and voltage. When power usage approaches or exceeds the set safety thresholds, the system can ...

Networked smart PDUs in single-phase and three-phase up to 30 amps. Breakered circuits, twist lock outlets, surge suppression, EMI filter, and EPO control.

Surge Protectors provide protection for devices from a voltage spike or power surges. The types of protection are Outlet Boxes, Outlet Strip, Power Distribution ...

RackPower Intelligent Power Distribution Units address controlling power on Cabinets as well as Open Frame Racks and Wall-Mount enclosures. Design your power solution using a variety of ...

EASY INSTALLATION: This IT-grade rackmount PDU features a rugged steel chasis, LED indicators for ground and surge protection, and lets you control the power state with power and reset switches

Surge Protectors provide protection for devices from a voltage spike or power surges. The types of protection are Outlet Boxes, Outlet Strip, Power Distribution Unit (PDU), Surge Protector, Surge ...
