

Iron Tower ADSS Fiber Optic Cable Fittings

Iron Tower ADSS Fiber Optic Cable Fittings

Supports ADSS and OPGW fiber optic cables of various diameters. Works with ground anchors, poles, and towers seamlessly. Ensures stable fiber optic connections for high-speed communication ...

Each pair is individually boxed and includes ADSS Direct Attach mounting brackets, and an all dielectric pole block. Fits all fiber cable up to 1.50" OD. Tie eyelets designed to accommodate both stainless ...

All-Dielectric Self Supporting optical fibre cable has no metal component and can be installed on live lines with no outages. Erection and installation of ADSS cable on poles and towers ...

For long spans and high forces: The dead end is mounted on the cable starting at the red crossing mark. This leads to a short cable loop. Additional intermediate fittings for installation at the tower and a ...

Loose storage space makes storage more conveniently, quickly and cable bending radius big enough, avoiding fiber optic extra loss and ensuring transmission ...

ADSS Dead-end Fittings ADSS dead-end fitting use: The dead-end fitting is mainly used for fixing and anchoring overhead self-supporting ADSS optical cable lines. It is generally installed in terminal ...

Furnished with four plugged cable ports (2 aluminum and 2 plastic) for either All-Dielectric Self-Supporting (ADSS) or Optical Ground Wire (OPGW) cables, the splice enclosure can be pre ...

The metal joint box are applicable for connection protection of special optical cables, with the functions of direct and branch connection, with the maximum of 6 optical cables, which mainly for overhead rods ...

ADSS hardware (all-dielectric self support) for fiber optic cable. ADSS fiber optic dead end self support, tangent supports and including FAS supports and FDS all dielectric tangents and trunnions.

The fittings of ADSS optical cable mainly include: 1) tension fittings, 2) suspension fittings, 3) shock absorbers, 4) guide wire clips. The role of tension fittings: tension fittings are mainly ...

Get everything you need for successful ADSS cable installation: suspension clamps, anchor clamps, down lead clamps, and pole fittings. Proven performance in power and telecom ...

Fiber optic tower fastener manufacturer supplying ADSS OPGW OPPC cable hardware solutions for secure aerial fiber installation on transmission towers.
