

# Laser Diode Array in Houjie Norway

## Laser Diode Array in Houjie Norway

At Innolume, we specialize in GaAs Quantum Well and Quantum Dot diode lasers, leveraging our expertise across a wide array of devices. These include high-power Broad Area and Single Mode ...

Serving North America, RPMC Lasers offers a large selection of multimode laser diode bars (arrays), delivering up to 2400 W in CW & QCW output, with unmounted or cooled packages for thermal ...

Excelitas offers a wide variety of single channel and array variants of pulsed laser diodes. With central wavelengths at 905 nm and 1550 nm, and packages ranging from high volume SMD to hermetically ...

A laser diode stack, also called laser diode array, comprises a number of laser diode bars, wherein each laser bar has a number of emitters generating laser beams.

Get reliable, vertical and horizontal diode laser stacks and two-dimensional arrays, with power into the multi-kW range, for pumping, directed energy, hair removal, and materials processing.

The development of high-power linear diode laser arrays offers high-radiance diode sources suitable for applications like pumping solid state lasers. The array is fabricated as a bar with a number of stripe ...

We offer you a full line of conductively cooled, water cooled or microchannel cooled laser diodes and stacks. Choose from our wide range of standard product offerings including our new Golden Bullet ...

Offering a broad wavelength range of 760-1470nm, these arrays are designed with customizable configurations, including fill factor, emitter pitch, and array length, to meet your exact specifications.

Founded in 2011, Professional Laser diode supplier, manufactures high-power diode lasers and systems in a wide range of output powers and wavelengths.

Shop DigiKey's large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!
