

## Moving the Household Distribution Box

## Moving the Household Distribution Box

PODS is much more than a traditional moving company. We offer portable moving and storage containers for local and long-distance moving and storage needs.

Whether you're moving across town, cross-country, or around the globe, we can ship and store your belongings. U-Box containers can even be used as extra portable storage on your property.

Stay flexible with built-in storage: Easily store your container in your driveway or in one of our 240+ Storage Centers nationwide. You don't have to worry about the driving: We bring the container to you ...

Shop our selection of book boxes, wardrobe boxes, clear bins, box kits, and other moving box sizes. U-Haul moving boxes and supplies are specifically designed with the household mover in mind.

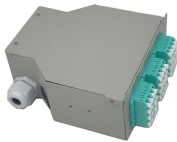

Our largest size, and a popular choice for moving a 3 to 4 bedroom home. A great choice for smaller and local apartment moves. Perfect for apartment residents, college students, or downsizing. You can ...

Our Easy Moving Checklist Will Help You Prepare for What's Next. Prepare for the whole process with a personalized list of everything you need to move into your new home. Find affordable options ...

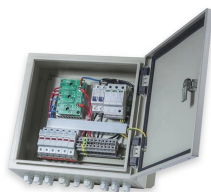

Let us deliver the U-Box containers directly to you. Simply tell us when and where you need them. All you need is a flat, level surface. With this option, a U-Haul® driver will drop off the portable container ...

Get moving boxes, packing materials, and shipping supplies for your next move with professional support from The UPS Store experts.

A utility box can often be moved, but it's a homeowner-led process. This guide explains the necessary coordination with your provider for a successful relocation.

Getting a utility box, such as a pad-mounted transformer, fiber hub, or cable pedestal, relocated from your property is a complex process controlled entirely by the utility provider, not the homeowner.
