

## Opsens fiber optic sensor

## Opsens fiber optic sensor

About OpSens Fiber optic sensors manufacturer offering solutions for interventional cardiology Fractional Flow Reserve FFR, Oil and Gas and industrial applications.

OpSens OPP series fiber optic pressure transducers are designed to provide accurate measurement in the most adverse conditions. Its small size and EMI/RFI/MRI immunity makes it the ideal sensor for ...

This compact and robust fiber optic temperature sensor is available with different optical cables and sheath options and is customizable according to customer specific applications or for OEM-type ...

OpSens supplies a wide range of fiber optic sensors and signal conditioners for temperature, pressure, strain and deformation measurement based on proprietary patent and patent-pending technologies.

Opsens Solutions'' fiber optic temperature sensors provide second to none performance to various industries. Our applications include monitoring in Nuclear Magnetic Resonance imaging (NMR) and ...

Opsens Solutions, fiber optic temperature sensor, pressure transducer, displacement probe, strain gauge. High accuracy and repeatable optical temperature sensors for your needs. Opsens Solutions ...

OpSens supplies a wide range of fiber optic sensors and signal conditioners for temperature, pressure, strain and deformation ...

Opsens Solutions OPP series fiber optic pressure transducers are designed to provide accurate pressure measurement in the most adverse conditions. Its small size and EMI/RFI/MRI immunity ...

Fiber optic sensors manufacturer offering solutions for interventional cardiology Fractional Flow Reserve FFR, Oil and Gas and industrial applications.

Fiber Optic Temperature Sensors High accuracy and repeatable optical temperature sensors for your needs. More details
