

Optical Module Single-Mode Dual-Fiber Gigabit

Optical Module Single-Mode Dual-Fiber Gigabit

Our 10G Singlemode Dual-fiber Optical Module delivers exactly that. It operates at a blazing 10 Gigabit data rate. This speed eliminates bottlenecks. It handles massive file transfers, video streams, and ...

The modules in the original package and the small white box with the same SN code are individually packaged with the original factory seal.

Each TEG-MGBS20 single mode fiber SFP is equipped with a duplex LC fiber connection interface, supports high-speed data rates up to 1.25Gbps, and supports gigabit single mode fiber connections ...

Users can select different optical modules, such as multi-mode dual fiber, single-mode dual fiber, and single-mode single fiber. The media converter adopts the enterprise-class Realtek carrier-grade chip ...

1.25G SFP MODULE- 1.25Gbps SFP Optical Transceiver, Dual LC single-mode fiber, 1310nm, up to 20km super long distance transmission for POE switch with SFP uplinks.

The transceiver is available as a mini-GBIC form factor, making it ideal for environments that require many fiber connections by taking up less space in your cabinet and/or computer room.

Multimode and single-mode fiber Gigabit Ethernet, Fast Ethernet, Fiber channel, ATM/SONET, SDH Hot-pluggable with durable metal enclosure Can be installed in any Cisco or MSA SFF-8472 ...

Our 10G Singlemode Dual-fiber Optical Module delivers exactly that. It operates at a blazing 10 Gigabit data rate. This speed eliminates bottlenecks. It handles massive file transfers, video streams, and ...

SFP optical transceivers are most used optical interface in telecommunications these days. Our Gigabit speed SFP transceiver series are compatible with most known networking equipment manufacturer ...

This data sheet describes the benefits, specifications, and ordering information for the Cisco SFP Modules for Gigabit Ethernet Applications.

Gigabit Single-Mode Dual-Fiber Optical Module
1.25G Optical Module SFP Fully Compatible with H3C and Other switches (5km)
