

## Original optical modules made to order

### Overview

com is a reliable supplier of optical interconnect products for use in fiber optic networking, including optical transceiver modules, direct attach cables, active optical cables and Mini SAS cables. QLogic Fibre Channel HBAs offer best-in-class performance and functionality for Fibre Channel Protocol. We provide optical modules directly from our in-house factory, offering competitive pricing, reliable quality, and timely service, backed by large capacity and professional expert support. Each product is fully tested for functionality, compatibility, and reliability. Mounting options include pluggable CXP, QSFP, SFF, SFP, and XFP, surface or through-hole, CFP, 1x9 SC. FS offers a growing portfolio of optical transceivers, with speed range from 100M, 1G, 10G, 25G, 40G, 50G, 100G, 200G, 400G to 800G and beyond. Click to get your. Our specialty catalogs offer micro optics down to 1.0 mm and other hard-to-find optics. We source from 21 overseas vendors so you don't have to. We provide custom optics and assemblies. Advanced intelligent fully automated production factory. With a daily output of 30,000 units, 80% of orders are produced and shipped the same day.

## Original optical modules made to order

The fiber optic transceiver modules can work in any network architecture through professional capabilities and in-house lab test. Click to get your transceiver modules from nearby warehouses. 30 ...

Custom optics are optical elements or systems manufactured according to specific customer requirements rather than being mass-produced as stock items.

We provide optical modules directly from our in-house factory, offering competitive pricing, reliable quality, and timely service, backed by large capacity and professional expert support. Each product ...

Discover seamless 400G/800G optical transceivers, DAC/AOC cables, NVIDIA hardware & switches for AI data centers.

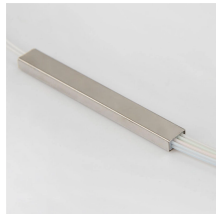

Search our catalog of transceivers by keyword, product type or part number. Integra Optics stocks an extensive range of industry-standard optical transceivers that are 100% interoperable with major ...

Shop DigiKey's large in-stock selection of Fiber Optic Transceiver Modules. View inventory, pricing and order now for same day shipping!

GenuineModules is a reliable supplier of optical interconnect products for use in fiber optic networking, including optical transceiver modules, direct attach cables, active optical cables and Mini ...

Global shortlist of trusted OEM & white-label SFP/optical transceiver manufacturers and partners. Compare capabilities, MOQ, customization & testing — featuring Wolon Fiber's SFP/SFP+/AOC ...

We are optical module manufacturer of choice for all major networking equipment vendors worldwide. See our full list of products

Ross Optical is a top-ranking supplier for OEMs in medical devices, automation, and other industries. We provide custom optics and assemblies, from design to fabrication, coating, and assembly.
