

Price of Austrian Intelligent Spectrometer

Overview

LabX is your online marketplace for new and used Infrared and FT-IR Spectrometers. Check each product page for other buying options. Need help?

Online shopping for Spectrometers - Spectrometry from a great selection at Industrial & Scientific Store. These systems work by analyzing how infrared light is absorbed by molecules, providing detailed information about molecular structure and. Our aim is to recommend an instrument that is precisely tailored to the customer needs, regardless of whether it is an infrared, NIR or Raman spectrometer or a microscope. A product of accumulated experience in designing compact optics systems, LinkSquare can fit in your pocket, sit on your kitchen table, hit the road with you to wherever you.

Price of Austrian Intelligent Spectrometer

For those seeking a cost-effective option, used systems are available with prices generally ranging from \$7,000 to \$60,000, depending on the brand, model, and ...

Our aim is to recommend an instrument that is precisely tailored to the customer needs, regardless of whether it is an infrared, NIR or Raman spectrometer or a microscope. The final price depends ...

Purchase spectrometers the easy way: Discover all products and suppliers for chemical analysis. Find out product prices easily by requesting a quote. Tip: Select a quick entry below to view selected ...

LinkSquare is a smart spectrometer that shines bright light on to an object to determine its spectral fingerprint for material identification. As the world's first portable, affordable, and accessible ...

When equipping a laboratory with a stationary infrared spectrometer, it is necessary to know the specifics of the research that will be carried out. For example, some models are suitable for analysis ...

The leading Spectrometer Manufacturers in Austria are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view ...

For those seeking a cost-effective option, used systems are available with prices generally ranging from \$7,000 to \$60,000, depending on the brand, model, and condition of the equipment.

Price includes slit, UV detector upgrade, detector lens, integrated order sorting filters, composite grating mounted in large optical bench for wide range, TE cooled detector, and USB-2 interface cable.

We offer a selection of UV/VIS spectrophotometers and luminometers that provide precise measurements for a variety of research applications, from analyzing light absorption in materials to ...

Price and other details may vary based on product size and color. Need help? Online shopping for Spectrometers - Spectrometry from a great selection at Industrial & Scientific Store.

Overview As per Volza's Global Import data, Spectrometer import shipments from Austria stood at 11K, imported by 49 World Importers from 21 Austria Suppliers.

Our aim is to recommend an instrument that is precisely tailored to the customer needs, regardless of whether it is an infrared, NIR or Raman spectrometer or a ...
