

Price of Corrugated Steel Strip for Optical Cable

Overview

Find high-quality armored cable steel strips for various applications. DX-Series Distribution Cable series with corrugated steel tape (CST) armoring. Ideal for installation where direct burial or rodent protection is required. The steel-armor is easily removed with an internal ripcord, leaving a fully functional intact DX-Series Distribution riser-rated inner cable. An armored cable steel strip is a protective layer used in electrical cables to enhance mechanical strength, durability, and resistance to environmental stressors such as moisture, UV exposure, and physical impact. These cables are essential in industrial, commercial, and outdoor applications. Home / Products / Fiber / D-Series Distribution - Corrugated Steel Tape (CST) Riser Rated Armored Cables D-Series Distribution - Corrugated Steel Tape (CST) Riser Rated Armored Cables UL listed OFCR cables with riser rated outer armor jacket. The range has been designed to offer enhanced mechanical properties over the Duct-Grade Unitube product range.

Price of Corrugated Steel Strip for Optical Cable
