

## Price of Standard Placement of Distribution Box

### Overview

Typical project ranges for a single distribution box install span from \$500 to \$3,000, with most residential jobs landing around \$1,000 to \$1,800. The main cost drivers are the number of boxes, trenching, backfill, and permit requirements. Cost estimates below use. Cost ranges reflect typical residential septic distribution box projects. Assumptions include a standard PVC/HDPE box with four to six ports, 10-60 feet of lateral. Standard Cluster Box Units (CBU's) are made of heavy duty aluminum and are available in six (6) contemporary colors. You should budget for grading and landscaping if.
