

# Thermal overload relay protector 200A

## Thermal overload relay protector 200A

Product Description Miniature Circuit Breakers  
Maximum AC 690V Thermal Overload Protector  
NXR-200 50HZ/60HZ 80A 100A 160A 200A  
Thermorelay 1Pcs

TA Series thermal overload relays are used in conjunction with ABB A Line contactors for the protection of motors having a nominal voltage of up to 600 VAC max per UL/CSA (690VAC and 800VDC per IEC).

White Cabling

Choose the Chint NR2-200G-200 CHINT THERMAL OVERLOAD RELAY, 125A TO 200A RATED CURRENT Relay for trusted protection and control in any application.

This 3 phase thermal overload relay comes with an adjustable dial for easily setting the range to match the Full Load AMPS (FLA) of the motor that needs protection. The Benshaw SPO-220H-200A has an ...

The TA200DU-200 thermal overload relay is an economic electromechanical protection device for the main circuit. It offers reliable and fast protection for motors in the event of overload or phase failure. ...

Further features are the temperature compensation, trip contact (NC), signal contact (NO), automatic- or manual reset selectable, trip-free mechanism, STOP- and Test function and a trip indication. The ...

They offer reliable protection for motors in the event of overload or phase failure. The thermal overload relay can make up a compact starting solution together with contactors.

NXR thermal overload relays (hereinafter abbreviated as thermal relays) are suitable for overload and phase loss protection for uninterrupted or intermittent AC motors with AC frequency of 50 Hz/60 Hz, ...

The E300/E200 Electronic Overload Relay is the newest technology for overload protection. Its modular design, communication options, diagnostic information, simplified wiring, and integration into Logix ...

Buy 200A Thermal Overload Relays. Farnell® UK offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets & technical support.
