

Three-year warranty for 2-core optical separator

Overview

Optcore warrants to the original customer or purchaser that each of its fiber optic products, and all components thereof, will be free from defects in material and/or workmanship for three years from the original factory shipment date. All INNO Instrument fusion splicers come with a 3 year factory warranty. Suitable for harsh outdoor environments and remote worksites. Any warranty hereunder is extended to the original consumer or. equirements and interoperability needs. Clearfield leads the way with WaveSmart optical component technologies for PON splitting, wavelength division multiplexing and optical circulators. For details of our warranty cover, please refer to our standard terms and conditions of sale. Our plate beamsplitters have a coated front surface that determines the beam splitting ratio while the back surface is wedged and AR coated in order to minimize ghosting and interference effects. Pellicle beamsplitters provide excellent.
