Various specifications optional

Upgraded lead-acid battery cabinet for use in supercomputing centers

A maximum of three battery groups in up to six battery cabinets can be deployed inside the smart module. If many batteries are configured, they can be deployed outside the smart module.

Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications. This solution is completely customizable and flexible to support your application ...

Designed with a rugged external form factor and utilizing proven lead-acid battery chemistry, this cabinet ensures uninterrupted uptime and efficient power support. Ideal for data centers, healthcare, and ...

Able to support 1MW of UPS output power with only four battery cabinets and the industry's smallest linear footprint, this NiZn Battery Cabinet offers a lower TCO, lower maintenance ...

Exponential Power's Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. Designed to protect battery systems, these cabinets ...

The construction characteristics of the recombination type lead-acid electric accumulators (valve-regulated hermetic accumulators); the absence of acid fumes and the virtual absence of gaseous ...

Find the right battery storage racks, cabinets, enclosures, and chargers for your backup and standby batteries. C& D now offers an integrated battery cabinet solution. We carry a full line of factory ...

The Vertiv Liebert PSI5 is a compact rackmount or tower, AVR line-interactive UPS system designed especially for IT applications such as network closets and small data centers. It supports advanced ...

Our backup battery storage cabinets are a convenient solution for storing spare batteries on site. Cabinets include a 12-Volt charger inside that is pre-wired to the batteries with pluggable connectors.

The Vertiv™ Liebert® GXT5-EBC48VRT2U is a hot-swappable, lead-acid UPS battery cabinet designed for use with Liebert GXT5-1500LVRT2UXL and Liebert GXT5-2000LVRT2UXL UPS systems.
