General Information Net weight : 28 kg Depth : 600.

AZE's 19" outdoor server racks and outdoor network cabinets are ideal for protecting sensitive network systems from any damage due to impacts and harsh climatic conditions. These are manufactured from galvanized steel, aluminum or stainless steel material, making them the perfect layer of security. A TAA-Compliant product complies with the Trade Agreements Act (19 U. § 2501-2581), which requires the U. Government to procure products that were manufactured in the United States or other authorized countries.
